SUMMARY

Front-end developer skilled in **HTML**, **CSS**, **JavaScript**, **Tailwind CSS**, and **React.js**, currently advancing my **Next.js** knowledge. I've built projects including a personal website in Next.js, a React admin dashboard, and several small web apps. With a background in architecture and **UI/UX**, I bring a strong **design perspective** and enjoy combining design and development. I'm looking for an internship to gain real-world experience and grow my React and Next.js skills.

EXPERIENCE

07/2023 - 09/2023

Tehran, Iran

Advanced Web Design Workshop (with Certificate)

Arjang Institute of Higher Education

- Completed an advanced web design program focused on modern HTML and CSS.
- Built multiple responsive project templates using HTML, CSS, and Bootstrap, applying real-world layout techniques and modern front-end practices.
- Strengthened understanding of semantic HTML, CSS architecture, and reusable components.
- Gained hands-on experience creating clean, maintainable front-end structures.

10/2023 - 01/2024

Tehran, Iran

UI/UX Workshop (with Certificate)

Arjang Institute of Higher Education

- Designed responsive and reusable UI components using Figma, applying layout systems, auto-layout, and component libraries.
- Built consistent UI patterns aligned with design-system principles.
- Used FigJam for UX processes including user flows, personas, and early-stage ideation.
- Completed a final project designing the full UI/UX for a sports-shoe e-commerce platform, including wireframes, high-fidelity screens, and an interactive prototype.

EDUCATION

10/2023 - Present

Iran

Online Learning : Tailwind CSS, JavaScript (ES6+) , React.js , Currently learning Next.js

Sabzlearn Private Academy

09/2014 - 09/2017

Tehran, Iran

Master of Architectural Engineering

Azad University

09/2006 - 09/2014

Tehran, Iran

Bachelor of Architectural Engineering

Azad University

PROJECTS

Personal Portfolio Website

A fully responsive personal portfolio built with **Next.js** and **Tailwind CSS**, designed and developed from scratch to showcase my projects and **UI/UX** approach. Features smooth navigation, reusable components, and a clean, modern layout.

Admin Dashboard

A responsive admin dashboard built with **React.js** and **Tailwind CSS**, featuring interactive charts, data tables, and basic user management functionality. Designed with a clean layout and reusable components for a smooth and efficient user experience.

Task Manager App

A simple and stylish responsive task manager built with **React.js**, and **Tailwind CSS**. Users can add, edit, complete, delete, and mark tasks as important. Includes task sorting, a **clean UI**, and a dark/light mode toggle for an improved user experience.

Weather App

A small and responsive weather application built with **React.js**, and **Tailwind CSS**. Users can search for any city and instantly view real-time weather details, including temperature, humidity, wind speed, pressure, and additional atmospheric data.
