SUMMARY

Front-End Developer with professional experience building responsive websites and reusable UI components using React.js, JavaScript, and Tailwind CSS. Experienced in developing web applications with Next.js and integrating REST APIs, with additional hands-on experience using Node.js, Express, and PostgreSQL. Focused on creating clean, responsive, and user-friendly interfaces.

PROFESSIONAL EXPERIENCE

Front-End Developer Intern — AppRo8 Oct 2026 – Present | Remote

- Developing web interfaces using React.js, JavaScript, and Tailwind CSS.
- Implementing interactive features and reusable components based on project requirements.

UI Developer— Baridsoft Mar 2024 – Jan 2026 | Tehran,Iran

- Developed responsive websites and UI layouts using JavaScript (ES6+), React.js, and Tailwind CSS.
- Translated client requirements into visually consistent interfaces, making design decisions directly in code.

PROJECTS

WebSol — Responsive Business Landing Page Oct 2026

Live Demo | GitHub

- Built and deployed a responsive single-page business website using React, Vite, and Tailwind CSS.
- Implemented smooth section navigation, interactive UI components, and an animated mobile menu.
- Enhanced accessibility with keyboard navigation, Escape-key handling, and background scroll locking.

VoyaVista — UK Travel Application | React, Tailwind CSS, Node.js, Express, PostgreSQL Sep 2026 – Present

GitHub

- Building a UK travel application with a React frontend and a Node.js/Express backend.
- Designed the application from the initial idea through UI/UX decisions and development.
- Built travel-exploration features using data from the application API.
- Built a REST API with Express and PostgreSQL to retrieve and display experience data in the React frontend.

SetCoffee — E-commerce Website | Next.js, React, Tailwind CSS, Framer Motion Dec 2025 – Apr 2026

Live Demo | GitHub

- Built and deployed a responsive e-commerce application with reusable React components.
- Implemented product filtering, sorting and catalogue functionality to help users find products efficiently.
- Preserved the user's browsing position when navigating between the product catalogue and product details.
- Implemented form validation, focus management, click-outside behaviour and out-of-stock alerts.

Task Manager — Task Management Application | React, Vite, JavaScript, Tailwind CSS Nov 2025

Live Demo | GitHub

- Built a responsive React task management application with CRUD functionality.
- Implemented adding, editing, completing, deleting and marking tasks as important.
- Added task sorting, dark/light mode and persistent data using localStorage.

SKILLS

Front-End: HTML, CSS, JavaScript (ES6+), React.js, Next.js, Tailwind CSS

Backend & Data: Node.js, Express.js, PostgreSQL, REST APIs

Tools: Git, GitHub, VS Code, Vite, Vercel, Neon, Figma

Product & UX: Responsive Design, UI/UX, Accessibility, Forms & Validation, Search/Filter/Sort

Currently Learning: TypeScript

EDUCATION

UI/UX Workshop Oct 2023 – Jan 2024 | Tehran, Iran

Arjang Institute of Higher Education

- Designed responsive UI components in Figma using auto-layout and component libraries.
- Created user flows, personas, and early-stage UX ideation in FigJam.
- Completed a full UI/UX project for a sports-shoe e-commerce platform.

Advanced Web Design Course Jul 2023 – Sep 2023 | Tehran, Iran

Arjang Institute of Higher Education

- Built responsive layouts using HTML, CSS, and Bootstrap.
- Practised semantic HTML and CSS architecture.
- Developed multiple front-end templates with reusable components.

Master of Architectural Engineering Sep 2014 – Sep 2017 | Tehran, Iran

Azad University, Central Tehran Branch
